DESCRIPTION Acoustone Speaker Grille Cloth is designed and engineered for sound transmissibility and an aesthetic appearance. The unique and versatile qualities of the speaker grill cloth make it suitable for a wide variety of applications.

The engineered fabric construction allows sound to pass through the synthetic threads with minimum interference. The result is a top-quality speaker grill cloth engineered for sound reproduction.

Acoustone Speaker Grill Cloth is suitable for covering speakers in a range of applications. (Please see chart below)

Acoustone Speaker Grill Cloth is flame retardant, mildew proof, has excellent fade resistance and is easily cleaned by vacuuming or light soap and water. Acoustone Fabrics will not fray at the edges after binding.

TECHNICAL CHARACTERISTICS

SIZE: Sold by the linear yard

WIDTH: 36", 72"

LENGTH: Linear yard

MATERIAL: Fiberglass and Polyester

FIRE RESISTANCE: Class 1 or A per ASTM E84

NFPA-701-2004 (Passes)
